Project Two:- Stock Exchange

a) Develop a brief report on History of Stock Exchanges in India. (your country)

Prepare a list of at least 25 companies listed on a Stock Exchange.

c) To make an imaginary portfolio totalling a sum of Rs. 50,000 equally in any of the 5 companies of their choice listed above over a period of twenty working days.

* The students may be required to report the prices of the stocks on daily basis and present it diagrammatically on the graph paper.

* They will understand the weekly holidays and the holidays under the Negotiable Instruments Act.

* They will also come across with terms like closing prices, opening prices, etc.

* During this period of recording students are supposed to distinctively record the daily and starting and closing prices of the week other days under the negotiable instrument act so that they acquire knowledge about closing and opening prices.

* The students may conclude by identifying the causes in the fluctuations of prices.

Normally it would be related to the front page news of the a business journal, for example,

- * Change of seasons.
- * Festivals.
- * Spread of epidemic.
- * Strikes and accidents
- * Natural and human disasters.
- * Political environment.
- * Lack of faith in the government policies.
- * Impact of changes in government policies for specific industry.
- * International events.
- * Contract and treaties at the international scene.
- * Relations with the neighbouring countries.
- * Crisis in developed countries, etc.

The students are expected to find the value of their investments and accordingly rearrange their portfolio. The project work should cover the following aspects;

1. Graphical presentation of the share prices of different companies on different dates.
2. Change in market value of shares due to change of seasons, festivals, natural and human disasters.
3. Change in market value of shares due to change in political environment/ policies of various countries/crisis in developed countries or any other reasons
4. Identify the top ten companies out of the 25 selected on the basis of their market value of shares.

It does not matter if they have made profits or losses.
